PROFESSIONAL SUMMARY

MCA graduate specializing in Data Analytics with hands-on experience in SQL, Python, and Power BI. Skilled in data cleaning, exploratory analysis, and building interactive dashboards to extract actionable insights. Demonstrated ability to transform raw datasets into meaningful business solutions. Seeking an entry-level Data Analyst role to apply analytical and problem-solving skills in real-world environments.

TECHNICAL SKILLS

- **Programming & Querying:** SQL, Python
- **Libraries & Tools:** Pandas, NumPy, Jupyter Notebook
- **Data Visualization:** Power BI, Microsoft Excel
- **Database Management:** MySQL, Query Optimization
- **Concepts:** Data Cleaning, Exploratory Data Analysis (EDA), Hypothesis Testing, Regression Analysis
- **Version Control:** Git, GitHub

PROJECTS

Sales Analytics Dashboard | Power BI, SQL

- Analyzed ~10,000+ sales records to evaluate regional performance, profit margins, and customer segmentation
- Developed an interactive Power BI dashboard with dynamic filters and KPIs for real-time insights
- Designed SQL queries to extract, clean, and transform structured data from relational databases
- Identified key trends and underperforming regions to support data-driven decision-making

Data Cleaning & Exploratory Analysis | Python (Pandas, NumPy), Excel

- Processed raw datasets by handling missing values, duplicates, and outliers using Pandas
- Performed exploratory data analysis to uncover patterns, correlations, and anomalies
- Generated structured reports improving dataset reliability and usability for analysis
- Automated preprocessing steps to reduce manual data cleaning effort

KEY ACHIEVEMENTS

- Improved reporting efficiency by developing interactive dashboards and automated data workflows
- Enhanced data accuracy through structured cleaning and preprocessing techniques
- Applied SQL-based automation to streamline data extraction and reporting processes

EDUCATION

Master of Computer Applications (MCA)

NIET, Greater Noida | 2025 (Pursuing)

Bachelor of Computer Applications (BCA)

MMHAPU, Patna | 2021 – 2024

ADDITIONAL INFORMATION

- Strong analytical thinking and problem-solving skills demonstrated through academic projects
- Ability to communicate insights effectively using visualizations and reports
- Actively learning advanced analytics and real-world data problem solving
